

We provide strategic direction, tax, and financial reporting service solutions.

Assurance

- ⌚ Are your financial statements subjected to accounting or auditing services from an outside CPA?
- ⌚ Are you looking for bank financing and in need of an audited or reviewed financial statement?
- ⌚ Are your accounting policies up to date and in line with the latest accounting standards?

A Proactive Approach

FMD professionals continuously monitor tax and economic issues to assist with your business needs. Our proactive mindset also is manifested in the approach we take to assist you with strategic estate planning and wealth management.

Accounting & Auditing

It is a business's priority to maintain accurate and reliable financial statements. There are various concerns that should be addressed when considering your financial statements and related accounting.

These concerns include:

- ⌚ Presentation
- ⌚ Disclosure
- ⌚ Proper Cutoff
- ⌚ Asset Valuation
- ⌚ Cash Flow
- ⌚ Internal Controls
- ⌚ Financial Reporting
- ⌚ Budgeting & Forecasting

As your business continues to evolve, your trusted advisor is here to help.

We treat our client's business as our own.

The strong relationships we establish with our clients allow us to effectively plan assurance services. As part of the engagement, our team will provide managerial, operational, and internal control recommendations that can lead to greater success for our clients, including:

- ⌚ Accounting
- ⌚ Audit, review, or compilation of financial statements
- ⌚ Agreed upon procedures
- ⌚ Due diligence
