

We provide strategic direction, tax, and financial reporting service solutions.

Manufacturing

In today's ultra-competitive manufacturing industry, owners and management face a variety of operational and financial concerns that challenge the very viability of their organizations.

These concerns include:

- ⦿ Shrinking Gross Profit Margins
- ⦿ Customer Required "Give-Backs"
- ⦿ Lean Manufacturing/Plant Lay-Out
- ⦿ Inventory Management
- ⦿ Cash Flow Management
- ⦿ Asset Utilization/Optimization
- ⦿ Supplier Consolidation
- ⦿ Managing Corporate Enterprise Risk
- ⦿ Sourcing and Preserving Capital
- ⦿ Global Expansion/Contraction
- ⦿ Business Succession

As your business continues to evolve, your trusted advisor must stay one step ahead.

FMD professionals continuously monitor economic issues and anticipate your company's future needs. This proactive mindset is the cornerstone of sound financial planning and separates financial strategists from historical accountants.

We treat our client's business as our own.

We spend time at your facility and participate in planning for your business. The experience we bring to your business is key for advancement and growth in a variety of manufacturing disciplines including:

- ⦿ Automotive Supply
- ⦿ Consumer Products
- ⦿ Industrial Chemicals & Coatings
- ⦿ Aerospace and Defense
- ⦿ Specialty Machine
- ⦿ Plastic Injection Molding
- ⦿ Furniture & Related Products
- ⦿ Paper & Printing
